

Water Shortage

Let's save our water resources

Tips on water conservation we can do now

Toilet · Washroom

- Flush the right amount of water
- Turn off the faucets frequently
- Don't leave water running
- Flush just one time

Kitchen

- Wash dishes in a bowl
- Wipe oil off kitchenware with paper before washing them
- Reuse water left over from washing rice

Bath

- Turn off showerhead frequently
- Reuse the remaining bathtub water instead of draining
- Fill the bathtub with less amount of water than usual

Laundry

- Reuse the bathtub water
- Use the right amount of detergent
- Wash your laundry in batches
- Use laundry machine less times

Car wash

- Use bucket instead of hose
- Reuse water from bathtub, rainwater, etc
- Wash less times

Other scene

Find and repair leaks

Use rainwater, well water, spring water, etc

Install water-saving equipment, faucet or rubber-sealers, etc
