

This detailed architectural floor plan illustrates the 4th floor, which is primarily a parking garage. Key features include:

- Parking Area:** A large central section labeled "駐車場 (119台)" (Parking 119 stalls) with individual stall numbers ranging from 1 to 67 and 70 to 105. Dimensions of 5.000m and 6.000m are indicated for various sections.
- Vertical Circulation:** Multiple elevator shafts and stairs are shown. On the left, stairs lead "3階から UP" (from 3rd floor up) and "5階から DN" (from 5th floor down). In the center, a blue-outlined elevator core has "UP" and "DN" arrows. On the right, stairs lead "階段 (4-3)" and "階段 (4-4)". At the bottom right, stairs lead "階段 (5)".
- Mechanical Rooms:** Several rooms are designated as "機械室" (Mechanical Room), including "機械室 (4-1)" at the bottom center, "機械室 (4-3)" at the top right, and "EV機械室 (3)" at the bottom right. Other labels include "EPS DS 機械室" and "CIP".
- Other Features:** A red box with the text "右側→ 駐車場" (Right side → Parking) points to a specific area. A "STOP" sign is located near the center. Dimensions of 7.280m and 7.300m are also present.
